

## SAT Course Outline

**SAT** is an entrance exam used by most colleges and universities to make admissions decisions. The SAT is a multiple-choice, pencil-and-paper test created and administered by the College Board. The purpose of the SAT is to measure a high school student's readiness for college, and provide colleges with one common data point that can be used to compare all applicants.

**Classroom training based on practical application on assignments/project after every session.**

### COURSE CONTENT
